Press Release

PaySimple Partners with Collection Software Leader Ontario Systems

PaySimple has partnered with Ontario Systems, LLC to provide another integrated ACH and credit card processing option to its collection software solution.

DENVER, CO, February 4, 2008 – PaySimple, an industry-leading provider of payment management solutions for businesses, is pleased to announce its partnership with Ontario Systems LLC, a leading provider of collection software solutions for healthcare, financial, and collection offices. The partnership will enable customers of Ontario Systems to have another option to process ACH direct-debit and credit card payments directly from the software's Link interface.

With over 60,000 representatives using Ontario Systems' products each day, the company is a technology leader in developing innovative accounts receivable software. Ontario Systems' clients include nine of the top ten largest third-party collection agencies and healthcare clients among the nation's top 100 hospitals. By integrating with PaySimple, Ontario Systems will enable its clients to seamlessly manage their customer data and payment collection processes. The PaySimple payment gateway processes ACH and credit card payments and automatically deposits the collected funds into the business's bank account.

"We are excited to partner with PaySimple and offer the system's processing capabilities to our clients," said Paul Smith, Ontario Systems' Vice President of Link vendor relations. "With PaySimple's unique system functionality and our innovative software solution, we can further help our clients manage and improve their businesses."

"This is a key partnership for PaySimple," said Jeff Garner, president of PaySimple. "Ontario Systems is the largest software collection company in the industry, and by integrating our systems, we will be able to provide Ontario Systems' clients with one of the most advanced, yet simple, payment gateways on the market."

Popular features in the Ontario Systems solution include automated workflow, fully-integrated dialer, and interactive voice technology. PaySimple will enable Ontario Systems' customers to process debtors' ACH and credit card payments directly from the software interface as well as have full access to PaySimple's entire suite of services. These include electronic check processing, check conversion, recurring billing, one-time or recurring EFTs, and online payment functionality.
