**Press Release**

## **PaySimple Adds Payment Processing Functionality to Q-Law Management Software**

*PaySimple has partnered with Q-Soft to provide ACH and credit card processing to Q-Law practice management software for law firms.*

**DENVER, CO, October 30, 2007** –PaySimple, an industry-leading provider of payment management solutions for businesses, is pleased to announce its partnering with Q-Soft, a leading provider of practice management software for law offices. The partnership will enable customers of Q-Soft to not only automate its legal practices with Q-Soft software, but also accept and process payments directly from the software interface.

Q-Soft develops Q-Law software, which automates legal processes for law firms such as collection, creditor-bankruptcy and foreclosure. The PaySimple payment gateway processes ACH and credit card payments, and automates the collection and deposit of funds. By integrating PaySimple and Q-Law, law offices will be able to seamlessly manage their clients, eliminate duplicate data entry and difficulty with fragmented software programs.

“We’re excited to announce our partnership and begin working with PaySimple,” said Serena Wong, Director of Operations for Q-Soft. “With the PaySimple system functionality combined with our own software, we can further simplify and improve our customers’ practice management.”

“Our robust payment gateway is ideal to integrate with business software solutions,” said Jeff Gardner, President of PaySimple. “By integrating our systems, Q-Soft increases the value and functionality of its product, improving its customer experience.”

Customers using Q-Law are enabled to use the features of the practice management software—case upload, court docket management, credit bureau reporting, multiple debt/debtor case handling, and automated invoicing—and also process payments through PaySimple directly from the software interface. PaySimple provides ACH, credit card, and electronic check processing, as well as check conversion, recurring billing, and online payment functionality.

For more information about PaySimple, visit the company website at <http://www.paysimple.com/> or call 800.466.0992. For more information about Q-Soft, visit <http://www qlaw.biz/>.

**About PaySimple:** PaySimple is an industry-leading provider of payment management solutions. PaySimple simplifies billing and collection processes by automating the collection and deposit of payments. The customized, secure ASP solution includes auto-recurring billing, electronic check processing, online payment functionality, ACH direct-debit, cash disbursement and credit card processing at some of the lowest rates available. PaySimple seamlessly integrates with most business management software. [www.paysimple.com](http://www.paysimple.com)

**About Q-Soft:** Q-Soft develops and markets Q-Law software and offers automation services for law firms of all sizes. Its software automates legal processes by combining separate systems—collections software, time and billing software, document management software, and scanning software—into one. Q-Soft can also customize its software to a specific law firm’s needs. [www qlaw.biz](http://www qlaw.biz)
